Dear Mr. Weisburg:

Inclosed is a current copy of our magazine. We understand you are a avid research into the Kennedy assassination. Note our editorial and filler comments.

D/D would like to cordially offer our pages to you to promote your researches. Mention of books and prices are also permittable.

We hope to print more material on this subject as time goes on — and wish you could possibly contribute what you may. Please let us hear from you.

Sincerely,
Steve Eidmann
